Sir:

**RESPONSE**

In response to the Official Action dated March 26, 2003, having a shortened statutory period for response of thirty (30) days, the Restriction Requirement therein is respectfully traversed in view of the reasons set forth below.

**REMARKS**

1. The Official Action states that the present application contains three (3) distinct inventions and categorizes them into three (3) groups of claims. The Official Action states that the three groups are distinct because "they lack the same or corresponding special technical feature . . . {that} defines a contribution over the prior art" based upon an allegation that the invention of Groups I, II and III (claims 1 - 13) "do not define a contribution over the prior art {Cook et al.}."
